

Good morning / Good afternoon,

Hintco is pleased to inform you that the Application Phase for the regional lots of the 2025 H2Global auction for renewable hydrogen and its derivatives has been initiated. This follows the publication of the contract notice in the Official Journal of the European Union.

This marks an important next step in this current auction as well as in implementing the H2Global mechanism to support the development of a functioning international market for renewable hydrogen.

Access to tender documents

The full set of tender documents is available via the platform of our designated tender agent. These can be accessed:

- Through Hintco's website: <https://www.hintco.eu/hpa-auctions>
- Directly via the Official Journal of the European Union:
 - African Lot (AFL): [Tenders electronic daily](#)
 - Asian Lot (ASL): [Tenders electronic daily](#)
 - South American and Oceanian Lot (SAL): [Tenders electronic daily](#)
 - North American Lot (NAL): [Tenders electronic daily](#)

For initial orientation, please refer to the following documents:

- *Performance Specifications*
- *Conditions of Participation*
- The *Project Description*, which forms an integral part of the Request to Participate.

How to participate

Interested suppliers are invited to submit a Request to Participate, formally expressing their intent to join the auction process.

Prior registration with the tender agent is required in order to participate.

To ensure the highest level of security for bidder communication and the protection of internal documentation and trade secrets, all communications will be conducted via the encrypted AI Bidding Cockpit software.

The Application Phase will remain open until September 12, 2025.

Next steps in the procedure

Following the assessment of Requests to Participate, all eligible bidders will be invited to enter the negotiation phase. Submission of a binding bid is currently scheduled for no earlier than March 2026.

Please note the non-binding nature of this information: In case of any discrepancies, the provisions of the official tender documents take precedence over the information provided in this message.

For all updates, tender documents, and submission forms, please visit the tender agent's platform via the links provided.

If you have any questions about this update or need assistance accessing documents, please do not contact Hintco directly. Hintco refers to the designated tender agent via the provided platform.

Thank you for your continued interest in the 2025 H2Global auction process.

Best regards,
Hintco
